A FULL HOUSE
“You have to be sharp, as you don’t have long when there are two young children involved!” royal photographer Chris Jelf said of his photo.

Will & Kate's
COUNTRY CHRISTMAS

A NEW BABY, A HAPPY FUTURE KING AND PROUD PARENTS: THIS SEASON, THE DUKE AND DUCHESS HAVE A LOT TO BE THANKFUL FOR.

How the royal family has grown! In one of the most adorable Christmas cards of the season, the Duke and Duchess of Cambridge, William and Kate, released a new photograph, taken in October, of their young family gathered on the lawn at Kensington Palace. Originally intended as a private Christmas card, Kate was so pleased with the image that she wanted to share it with the world.

“When she saw the photo, she thought it captured them all perfectly,”

says a palace insider. “She knows people like to see photos of her children.”

Though the photo was taken at Kensington, the family is spending the holiday at their country estate, Amner Hall, where they’ll be celebrating for the first time as a family of four, thanks to the arrival of Charlotte, 7 months.

“Everything they’ll be doing will revolve around the children, and they’re bracing themselves for the fact that it’s going to be twice as loud, twice as crazy but double the fun,” says the source.

The palace also announced that George, 2, will be attending Montessori school nearby — at a commoner’s cost of about \$50 a day — as the family splits their time between city and country. His days there will mark his first prolonged separation from his parents.

“Like any parents, they’re excited and a little nervous,” says the insider. “They know it’s only preschool, but they can see their little prince growing up so quickly!” ★

NO JOY
FOR
JENNIFER!

Hollywood stars are notorious for checking into the hospital or rehab for “exhaustion” — usually a thinly veiled excuse for substance abuse — but in **Jennifer Lawrence**’s case, it just may be true! The 25-year-old actress has been running herself ragged climbing to the top of the A-list and it’s destroying her health.

“Jen’s been afraid to pause her career even for a second,” explains a confidante close to the Oscar winner. “She is saying yes to everything offered to her, but there is no way anyone can keep going like this and not suffer. Her loved ones are really worried about her.”

Jennifer herself has admitted her crazy schedule of back-to-back projects is wearing her down.

“I try to keep working so people can see other characters and other things I can do instead of taking vacation time, and now I’m aging like a president,” she said during a press conference for *The Hunger Games: Mockingjay, Part 2*. “I hate waking up without a goal or going to sleep without achieving [anything].”

But now, it’s becoming obvious that her goals need to focus on her body — not her next award — or the consequences could be severe. During a recent appearance on *The Late Show* Jennifer told **Stephen Colbert** that her health is breaking down.

“I puked yesterday. I’m a puker, I’m a big-time puker. I don’t stop working, because I’m a show pony. I don’t have a choice,” she said. “I think my body’s like, ‘If we don’t make her barf or pass out, she won’t stop.’”

While insiders say friends have begged the star to take a year off, she refuses to stop or even to get her eating habits on track.

“Jen’s overworked, exhausted and doesn’t eat right. Just a few drinks makes her ill; she can’t keep anything down,” reveals the friend. “She keeps telling us she wants to work and is happy, but she is clearly mentally and physically at the end of her rope. She needs to take a step back before something severe happens.” ★

J.LAW’S

HEALTH CRISIS!

IS THE OVERWORKED
ACTRESS HEADED FOR A
BREAKDOWN?

Forget man of the year: *Muscle & Fitness* magazine has crowned **Dwayne “The Rock” Johnson** as Man of the Century! The WWE superstar turned actor, who just welcomed a baby girl with longtime girlfriend Lauren Hashian, says that despite his meteoric success, he believes failure is a virtue. “I always want to remind people of my past because it is directly responsible for who I am today,” says the 43-year-old hulk, who was arrested eight times before he was 17 and found himself nearly homeless, with \$7 in his pocket, before turning his life around. “I am a product of those tough times, and that’s the value of them. They shape you, and they mold you. In my mind I’m always a week away from getting evicted and that’s what keeps me motivated, not the material things.” For more of The Rock’s life lessons, pick up the latest issue of *Muscle & Fitness* magazine, on stands now! ★

THE ROCK ON A ROLL

LAST CALL FOR AMAL

Amal Clooney got into one too many holiday spirits during a recent girls’ night. **George’s** wife shocked friends during a recent get-together by downing drinks and admitting that her life is less than picture perfect. “Amal was slugging wine and vodka and got really tipsy, which we’ve never seen before; she hardly used to drink at all,” tattled a longtime pal who saw her at a pub in London. “She was very weepy and emotional; it was clear she’s not happy.” Amal, 37, and George, 54, have been trying since May to conceive a child and the struggle has put stress on their marriage. Even worse, Amal feels like an outsider in George’s “boring” Hollywood clique and misses London. “She thinks her career has been on the decline since marrying George,” adds the friend. “She said she isn’t living her own life anymore and just kept drinking. It was sad.” ★

AMY SCHUMER A TRAINWRECK ON SET

Amy Schumer’s razor-sharp wit is being eclipsed by her bad attitude, say industry insiders. “Everyone wants to work with her because they think she’ll be fun and easygoing. But that’s just not the case anymore,” claims a Hollywood insider. “She’s just rude and gives off an air of ‘I’m better than you.’” Unless, the insider adds, you can do something to advance her career: “She’ll be gracious to a magazine editor or the director of a movie, but to the ‘lowly’ photographer or interviewer she’ll be another person entirely.” ★

ROB SKIPPING CHRISTMAS?

**BAH
HUMBUG!**

Rob Kardashian “couldn’t care less” about spending the holidays with his fame-hungry family and cites **Khloé’s** recent Instagram as the final straw. On Dec. 14, Khloé posted a throwback picture of her brother with the caption “If only you could see yourself through my eyes! I’ll forever be obsessed with you!” But Rob wasn’t feeling the love. “He was furious and humiliated,” says a friend. “He’s sick of everyone talking about him being on drugs or being suicidal – he can’t stand being the object of pity.” The family has staged several interventions for the 28-year-old recluse, but he’s refused any help – unlike his brother-in-law **Scott Disick**, who friends say is turning his life around thanks to a stint at world-renowned rehab Cliffside Malibu, which is known for discreetly and successfully treating celebs. “Rob just wants to be left out of the family publicity circus,” adds the friend. “At this point he’s refusing to join them at Christmas. He says it’d take a miracle to get him there!” ★

**Not so
LOL!**

DATELESS DEMI’S UNHAPPY HOLIDAY

It’s a blue Christmas for **Demi Moore**, who finds her social calendar as bleak as her recent résumé. “Demi’s realizing that her life is quite empty,” a friend says. “It’s really put her in a funk.”

While her exes **Bruce Willis** and **Ashton Kutcher** have both remarried and had kids, single Demi feels like she’s just spinning her wheels. “She’s jealous, and figured that by now she would at least be in a serious, committed relationship – if not married,” continues the insider, adding that Demi is all too aware that she hasn’t been the lead role in a film since 1997’s *GI Jane*. “She tries to keep busy so she doesn’t just sit and dissect her life, but it’s hard when she feels so alone and doesn’t even have a shoulder to cry on.” ★

Calvin's SWIFT RETURN

Mother knows best!
"Calvin was so sweet
with Taylor's mom,"
says a pal. "He really
won her over that
weekend."

After spending months in the doghouse, the Scottish DJ demonstrates How You Get The Girl... back!

On his best behavior?
According to a source,
Calvin spent some alone
time with Taylor's dad...
to ask permission for
her hand in marriage,
perhaps?

SO much for never, ever getting back together... Three months after **Taylor Swift** kicked **Calvin Harris** to the curb for visiting a seedy massage parlor while she was out of town, the dashing DJ, 31, appears to be fully back in her good graces. On Dec. 13, he attended the pop princess' 26th birthday lunch at her Beverly Hills home, where he was seen laughing with Taylor's parents, **Andrea** and **Scott**.

"Taylor vowed to be strong and not cave in to Calvin's denials, but that didn't last long. She's smitten with him, simple as that," says an insider, citing the singer's insecurities about being single. "The thought of jeopardizing their relationship was almost more terrifying to her than finding out he'd been up to no good

in the first place." But there were still two more people who had to sign off on the relationship's resuscitation: Taylor's parents.

"Calvin knew Taylor's birthday bash would be his best shot at earning back their approval," says the pal. "He made a point of helping Taylor's mother in the kitchen, whipping up a shepherd's pie for the family from scratch. He kept telling Taylor's dad how lucky she was to have a father who was so supportive." And the sucking up worked!

"He scored major brownie points with her parents. After all, they just want to see that their daughter's being taken cared of," says the source. "Taylor's thrilled. She feels like they can finally put the past behind them." Now, *that's* a happy ending. ★

Eva & Ryan's WEDDED BLITZ

When **Eva Mendes** called marriage “a very old-fashioned, archaic thing,” she wasn’t kidding. Not even **Ryan Gosling** can change her mind! “He’s popped the question so many times, it’s hardly worth asking anymore,” says a source. But with baby Esmeralda in the picture now, Ryan’s mother, Donna, and Eva’s mom, also Eva, think it’s high time they became husband and wife. “Eva is starting to feel ganged up on, but she isn’t budging,” says a source. “She figures that if Ryan ever wants out, a wedding ring certainly isn’t going to change that.” ★

Mandy & Ryan DIVORCE GETS NASTY

Back in January, **Mandy Moore** and **Ryan Adams** announced they were divorcing after nearly six years together, but the two haven’t been able to reach an agreement about anything else, well, ever since. “The claws came out,” says a pal. “Mandy was hoping that Ryan would man up and offer her a fair settlement, but he tried to get away with giving her almost nothing!”

With no prenup in place, Mandy, 31, is now not only requesting that Ryan, 41, pay spousal support — her annual income is just a quarter of his — but that he also help provide for their eight dogs and cats. “I have no alternative,” Mandy wrote in her petition. And Ryan might not either, says a source, noting the singer might not have the financial resources Mandy thinks he has. ★

Chris to Minka: MOVE IN WITH ME!

Chris Evans and **Minka Kelly** have basically been breaking up and making up since 2007, but sources say the *Captain America* star, 34, finally told the actress, 35, he’s not only ready to commit, but to cohabitate too! However, Minka isn’t lugging *all* of her belongings into Chris’ Hollywood home just yet. “He’s come on strong before, only to go and blow it by fooling around with other girls,” says a pal. “So Minka told Chris she would stay over a couple of times a week instead. A trial period, so to speak.” But if Chris can prove to her that he’s serious this time, the source says Minka is prepared to make it a full-time thing in the New Year. Good luck with that resolution! ★

Beyoncé & Jay Z's BABY BLUES

DEFINITELY, I would like to have more children," Beyoncé confessed back in 2013. But in the years since, sources say the singer, 34, and her husband, Jay Z, have gone to great lengths to give their 3-year-old daughter, Blue Ivy, a little brother or sister, without any luck. "They've come close a couple of times only to be met with disappointment," reveals a pal. "It's heartbreaking." And unfortunately, a situation that Beyoncé and Jay, 46, have found themselves in before: The couple suffered a miscarriage before Blue was born. But the worst part? The jealousy Beyoncé felt when Kanye West and Kim Kardashian welcomed their second child after struggling, as well. "She started researching IVF after Kim had success with Saint," says the pal. "Beyoncé and Jay vowed this will be the year Blue finally gets the sibling she's been asking for." Destiny's child, no doubt. ★

Avril & Chad RECONCILING?

Why do you have to go and make things so complicated? Just three months after announcing their separation, **Avril Lavigne** and **Chad Kroeger** were seen on Dec. 12 leaving the Sunset Marquis Hotel in West Hollywood – together! "They needed a little break, but they never lost touch," says a source close to the Canadian couple. As *Star* previously reported, Avril, 31, and Chad, 41, split shortly after she was diagnosed with Lyme disease. "Avril didn't have the time or the energy to work on her marriage or worry about Chad's wandering eye," says the source. But perhaps all that time recently spent in the studio – where they first fell in love – helped rekindle the flame? "It was a bittersweet reminder of the beginning, of all the love they shared," says the pal. "Since then, they've both owned up to their mistakes. It's a start." ★

And action! After shooting wrapped on *Miss Peregrine's Home for Peculiars*, **Tim Burton** and **Eva Green** didn't seem to be in a hurry to get home. The director, 57, held the French actress (and former Bond girl) close on Dec. 8 as they strolled the streets of London. "Tim and Eva have been friends for years," says a source, noting that the two also worked together on 2012's *Dark Shadows*. "They share similar interests and get along really well. Actually...they're kind of perfect for each other." But a taste for taxidermy and the supernatural aside, there's someone else Tim's new leading lady, 35, seems to have a lot in common with: his previous partner of 13 years, **Helena Bonham Carter**. "Tim lost his muse last year," says the pal. "And in many ways, Eva is a second Helena, just much younger. This certainly can't be easy for her to see." Talk about a nightmare before Christmas! ★

Kyle & Mauricio's DIRTY DANCING DATE NIGHT

Nobody puts **Kyle Richards** in the corner! Despite a slew of ongoing family feuds, sources say the reality star, 46, and her husband, **Mauricio Umansky**, had the time of their lives at the *Real Housewives of Beverly Hills* season six premiere party on Dec. 3, at the W Hotel in Hollywood, sneaking onto the dance floor to unwind to **Madonna's** "Vogue". "They started dancing and didn't care who was watching!" spills a spy. "Mauricio tugged at his crotch and looked mischievously at Kyle." Considering that multiple women came forward in 2013 accusing Mauricio of making crude sexual passes at them, it seems as though the real estate agent is saving all of those moves for his wife of nearly 20 years. "It wasn't easy for Kyle to forgive him, but they put in a lot of hard work to rebuild that trust," says a pal. And it shows. ★

KIM'S Body BOUNCE BACK!

LESS THAN THREE WEEKS AFTER GIVING BIRTH TO HER SECOND CHILD, KIM KARDASHIAN HAS ALREADY SHED 30 LBS. STAR REVEALS HOW SHE DID IT — AND IF IT'S HEALTHY.

60-LB.
WEIGHT
GAIN!

Shape-Shift Struggles

At only four months pregnant in July (near left), Kim's figure had already ballooned dramatically — and by her October baby shower (far right, carrying daughter North, 2), she was complaining about how “huge” she'd become. “For me, pregnancy is the worst experience of my life!” Kim wrote on her website in October. “I don't enjoy one moment of it.”

A full-page photograph of Kim Kardashian posing on a white lounge chair outdoors. She is wearing a white sleeveless crop top and black high-cut underwear. Her hair is pulled back, and she has her hands behind her head. She is looking towards the camera with a slight smile. To her left, on a wooden side table, is a glass of red juice with a fruit garnish. The background shows lush green foliage and a wooden structure.

Losing It

“Kim’s happy that the weight is coming off so fast, but she’s still insecure about her body,” a source reveals. “She’s constantly complaining, ‘I still have tons of cellulite!’”

PREGNANCY hasn’t been easy for **Kim Kardashian**. She’s struggled with medical issues both times she’s carried children, and with her naturally curvy figure, she tends to gain a lot of weight. For someone whose body is the linchpin of her fame and fortune, that can be devastating. In fact, the 5’ 3” reality star admitted that she “almost died” when she hit 190 lbs. before giving birth to son Saint West on Dec. 5.

Since welcoming her second child, Kim, 35, has made it her mission to get her pre-baby body back as quickly as possible — and she’s already made great strides toward achieving that goal. On Dec. 14, Mrs. Kanye West announced that she’d shed 17 lbs., and insiders say she’s dropped 13 more since then! But meeting her target weight of 120 lbs. won’t be easy; Kim has adopted a torturous diet and exercise regimen that could have negative effects on her health.

“It’s all been really hard on her — and her family,” says a source. “But Kim says it’s OK, because she’s done having kids, so she’ll never have to go through this again. She’s very relieved about that.”

OVER-THE-TOP DIET AND EXERCISE

According to the insider, Kim’s extreme diet has her consuming just 1,000 calories a day — less than half of what doctors recommend for breastfeeding moms. “She’s getting the majority of that from lean meats, veggies and green juices; she’s cut out all sugar and processed food, and refuses to even eat fresh fruit because it contains a lot of sugar,” says the source. “Kim claims she’s working with a personal chef who’s also a nutritionist to make sure she gets all the nutrients she needs, but no one believes she’s following the chef’s advice. If she was, she wouldn’t be eating so little!”

To make matters worse, Kim’s exercise regimen is just as crazy as her diet! While doctors recommend that new moms engage in only light exercise for six weeks after their baby’s birth, the insider says Kim has been vigorously working out twice a day. “She started as soon as she got out of the hospital. She does three hours of cardio a day and light weights. She’s also been doing Barry’s Bootcamp, which can burn 1,000 calories in an hour,” the insider reveals. “Kim is treating this like it’s some sort of military operation, and Kanye loves ▶

UNHEALTHILY OBSESSED?

Six weeks before her Christmas due date, Kim was openly panicking over her expanding body. She unleashed a torrent of tweets alternately joking and complaining about her weight — then often backtracked, saying she felt positive about getting back in shape. Despite her protests, though, it was clear she was fixated on her weight.

that she's so determined."

But working out so frequently with little caloric fuel leaves Kim with perilously low energy levels, so she's leaning on her mom, **Kris Jenner**, to help her through this trying time. "Kim feels most comfortable and safe at her mom's house, so she's staying there — with Kanye and the kids — until she can lose enough weight to go out in public again," the source notes. "Kris has a nice gym in the house, and Kim can work out there around the clock without being bothered by anyone — except her trainer, who visits her regularly."

HER SURGERY SECRET

Diet and exercise alone aren't responsible for Kim's rapid weight loss. Although her rep denies it, according to the insider, she's already undergone cosmetic surgery! "There's buzz that Kim had a tummy tuck and liposuction right after she delivered Saint, along with laser treatments for her cellulite," the source reports. "Of course she'd *never* admit to those procedures!"

And she's not stopping there! "When she's finished nursing, she's considering getting breast implants because she's

worried about getting saggy," the source says. "She's definitely going overboard, but that's just how Kim is."

IS IT SAFE?

Going under the knife while her body was recovering from a difficult preg-

nancy and a complicated delivery, of course, is dangerous, and her refusal to take care of herself has her family concerned. "Kris has expressed her fears to Kim over her crazy diet and workout program," the insider says. "But Kim's not listening."

Kris may be right to worry. According to Florida-based weight-loss coach Alicia Hunter, the reality star's extreme regimen is doing more harm than good. "If Kim is existing on a mere 1,000 calories a day, and the only carbs she's ingesting are from veggies and green drinks, she's definitely not taking in a healthy amount of calories, especially for a new mom," Alicia tells *Star*. "Nursing a baby can burn 500 calories per day,

Weighty Issues

After dining on spaghetti, meatballs and garlic bread in November (above), Kim licked her fingers — perhaps knowing that carbs would be off-limits once Saint arrived. **Left: Wedged into sky-high heels, Kim's swollen ankles bore the brunt of her 190-lb. frame.**

so she's certainly undernourished."

Kim would be better off dropping 1 to 2 lbs. per week, Alicia says. "Losing the weight any quicker would run the risk of losing muscle and regaining body fat," she notes.

And it's not just herself she could be hurting. "Kim is so focused on getting her body back, she's having trouble bonding with Saint," the source reveals. "She adores him, but she doesn't have the energy to give him all the attention he needs."

Kim, however, doesn't seem too worried about the consequences of her fitness obsession. "This past year, her sisters **Kylie**, **Kendall** and **Khloé** have stolen the spotlight from her, and she's determined to win it back," says the source. "When that happens, she thinks all this pain will be worthwhile." ★

Eye On The Prize

In summer 2014, Kim weighed about 124 lbs. (pictured). Her goal now is to get down to 120 by March. "She's planning another racy magazine shoot then," a source reveals. "So she has three months to lose 70 lbs."

THEIR RELATIONSHIP
HITS A NEW LOW AS
ROSIE O'DONNELL
THREATENS TO CUT OFF
HER ADOPTED CHILD
CHELSEA FOREVER.

IT'S been an emotional roller coaster ride for **Rosie O'Donnell** and her adopted daughter **Chelsea**. Last August, the teenager disappeared for a week before being found living with a druggie. Two months later, she infuriated Rosie by calling her a phony and a pot smoker in an interview, and condemning her mom's harsh parenting style. But things seemed to be on an upswing in November, with Chelsea tweeting, "She is not a bad mother...I said many things out of anger." She also claimed that she would "no longer give any statements to the media."

It seems Chelsea has changed her mind. In a new interview, she publicly blasts Rosie for threatening to totally cut her off — and wash her hands of her for good — if Chelsea doesn't comply with her mom's demands that she go to therapy 1,500 miles away in Texas!

AN UGLY ULTIMATUM

Chelsea's mental-health problems have landed the 18-year-old in the hospital several times recently, prompting Rosie, 53, to insist that she enroll in a yearlong treatment program far from the family's Nyack, N.Y., home. In a terse text, Rosie told Chelsea: "Go to Texas — this is the last offer of any kind of help. Ever."

Motherly Shove

Chelsea claims that Rosie used a nasty text message (right) to order her to enter a Texas treatment program far from the family in New York — or else she'd have nothing to do with her daughter again! "I have a life here, and I have things that I'm not willing to leave to go to a program for a year, really far away," Chelsea counters.

ANDONS DOUBLED GHTER

Chelsea objected, and Rosie hurled unkind remarks, then summed up: “Enjoy the rest of ur life. Goodbye.”

“Those text messages further reject Chelsea and lower her self-esteem, creating a feeling of alienation,” Philadelphia-based parenting expert Dr.

Sue Cornbluth tells *Star*. “Rosie should be texting, ‘Let’s work this out’ or ‘Let’s find a way to talk to each other.’ It’s not okay to take your frustration out on your child.”

It’s not that Chelsea doesn’t want therapy — she is simply opposed to the program her mother chose. “It’s very restricted,” she said in an interview. “I don’t feel like I need it. I’m trying to figure out other aspects of my life. I can get a therapist on the side.” Chelsea, who’d been banished before (Rosie had her in a strict Utah boarding school from ages 13 to 17), also claims her mom won’t let her see her siblings Blake, 15, and Vivienne, 12.

Chelsea’s poor rapport with her mom initially led her to run off and hole up with **Steven Sheerer**, a guy she met on Tinder who’d been arrested for drug possession.

Moms At Odds

Rosie adopted Chelsea with now ex-wife Kelli Carpenter. “Kelli is very compassionate. She wants to do more for Chelsea but feels overshadowed and doesn’t want to cause World War III with Rosie,” says a source.

Upon breaking up with him, she moved in with a friend’s family on Long Island and has found another boyfriend (see box, below). “I’m happy there,” she said.

A KINDER, GENTLER APPROACH

Chelsea’s desire to seek outpatient help nearby is an option her other mother, **Kelli Carpenter**, might be amenable to. “Kelli loves Chelsea dearly and would never speak to her the way Rosie has,” a source who knows both moms tells *Star*. “Rosie won’t agree to treatment close to home, and the last thing Kelli wants is to do battle with her and cause Chelsea more stress. My heart goes out to Chelsea, not Rosie. Rosie should step up and be a caring mother, not a bully.” ★

CHELSEA’S NEW BEAU

After meeting at a Dunkin’ Donuts store in November, Chelsea has begun a relationship with 12-years-older plumber Nicholas Alliegro, 30, a native of New York’s Long Island (left). “We have everything in common,” she says. “He makes me feel really good and brings out the best in me.” Chelsea brought Nicholas with her to meet Rosie the last time she visited her.

Get A Room!

Norman and Diane were spotted making out wildly in a bar, but a friend claims it was “a mistake” and that she and Joshua “have survived bumps in the past.”

*Diane &
Norman*

THE WALKING DEAD'S NORMAN REEDUS IS LOOKING VERY MUCH ALIVE WITH DIANE KRUGER — AS HER BOYFRIEND, JOSHUA JACKSON, IS AWAY.

A
Real Life
Affair?

IN what looks like an ironic case of life imitating art, *The Affair* star **Joshua Jackson** may have to face the fact that his live-in girlfriend, **Diane Kruger**, is cheating on him! Early on the morning of Dec. 12, Diane and *The Walking Dead*'s long-haired antihero, **Norman Reedus**, rolled into the 12th Street Ale-house, a bustling neighborhood bar in NYC's East Village. They got drinks, headed to a table and proceeded to make a scene.

As one eyewitness told New York's *Daily News*, Diane "got out of her chair and straddled him." And while "they were all over each other," said the onlooker, "she was a lot more aggressive than him." Another patron confirmed the action, saying, "They were making out on top of each other."

So where was Josh during Diane and Norman's public lip-lock? Off on a trip around the world — by himself and apparently unaware of his partner's disloyal antics. Yet the fact that he's on a six-week solo jaunt may lend credence to the possibility that the once-tight couple is taking a break, if not broken up for good.

AN UNLIKELY INFIDELITY

Although they aren't married, Josh, 37, and Diane, 39, have been together for nine years and are considered one of Hollywood's closest couples. "Josh said early on that he has every intention of spending his life with Diane," a friend of the actress tells *Star*. "They've lived together forever and their business lives are very intertwined."

So some intimates of Josh and Diane took her recent smooch session for an impulsive, one-time fling. Even Joshua's father, Carter Jackson, dismissed the incident, saying, "She was having a good time in the Village. [Josh] would probably chuckle."

Still, sparks between Diane and Norman first began to fly when they costarred in the 2015 film *Sky* (yet to be released in the U.S.). In fact, Diane, who has made three other movies with director **Fabienne Berthaud**, apparently worked behind the scenes to get him the part. "Diane helped cast Norman," her friend insists.

INSTAGRAM/@DIANEKRUGERPERSO(3)

Couple Chemistry

Diane's been posting sexy photos and love-struck messages on Instagram that speak to something serious between her and Norman.

When I saw you
I fell in love, and
you smiled
because you knew.

"They certainly had chemistry."

While shooting the flick last February, Norman, 46, split from his girlfriend, model **Cecilia Singley**, 22. Cecilia then confided to a friend that Norman had started dating, "an older actress," though wouldn't name names. Yet whenever Josh, who had a minor role in *Sky*, was on set, "Diane kept her distance from Norman," her friend says.

A SEXY STUNT?

Now, despite denials and "no comments" from their reps, Diane and Norman have been all but blatant about their attraction. Diane has put up a number of Instagram posts that show her to be smitten — if not totally in love — with Norman. Perhaps that's the most bizarre aspect of the scandal. Considering the solid bond she has with Josh, she would seem to have no reason to publicly humiliate him. The only other explanation might be that Diane hopes to jumpstart her career through Norman. While she hasn't been in a hit film since 2009's *Inglourious Basterds* and her TV series, *The Bridge*, was canceled in 2014 after two seasons, Norman's popularity is still sky-high thanks to *The Walking Dead*. "Josh, who was a child star, is set for life and isn't as passionate about acting, but Diane wants to win awards and be a leading lady," explains her friend. So if her dive-bar love scene was pure performance, it's possible Josh will be able to overlook it when he returns to the States. As he has said, "I understand what 'love's labor' really means. It's work. But it's work that rewards itself many times over." Some reward! ★

Still Strong?

Despite Diane's indiscretion, "Friends can't believe it's over" for her and Joshua Jackson, a source says.

A LUKE WARM RECEPTION

Mark Hamill was expected to become a superstar after the initial *Star Wars* movie, but a vicious car crash days before he finished shooting disfigured his all-American face. His graver looks served him well in the follow-ups, but he's barely graced the big screen since then. Yet from a different point of view, time has been kind to him. He's been married to the same former *Playboy* mansion groupie for 37 years, and is a highly sought-after voice actor.

PUSHED TO THE EDGE

Fame overwhelmed Carrie Fisher after her portrayal as Princess Leia. She struggled with drugs, a messy marriage to Paul Simon and bipolar disorder — battles she wrote about in her best-selling novel (later a movie), *Postcards From the Edge*. She was hospitalized in 2013 after a meltdown on a cruise ship, but she's as much a fighter as Leia.

Carrie (cleaning up her dog's onstage poop) during her 2013 cruise ship breakdown.

PRINCESS IN THE MIDDLE

Sexual tension between Luke, Leia and Han was critical to the early films. And it was there on set, too. Mark Hamill admitted having a "huge crush" on Carrie Fisher, but she only had eyes for Harrison Ford. "Whenever anyone couldn't find Harrison, you'd say, 'Have you tried Carrie's changing room?'" David Prowse, who played Darth Vader, later said. But interestingly, by the time shooting began on *The Empire Strikes Back*, she'd soured on Harrison.

So un-Jedi of him! Hamill scrounging for cigarette butts in 2013.

STAR WARS

THE DAD

THE ORIGINAL STAR WARS CAST REUNITES ONSCREEN FOR THE FIRST TIME IN 38 YEARS — AND, NO DOUBT, HUGE PAYCHECKS.

BUT FOR THEM AND OTHER ACTORS, THE MEGA-FRANCHISE HAS ALWAYS BROUGHT WITH IT HIDDEN COSTS.

PANICKIN' ANAKINS!

MENACED BY PHANTOMS

"There was no 'Should I or shouldn't I,'" Hayden Christensen has said about his choice to play Anakin Skywalker in the much-derided prequels (what young actor would say no?). But if there's a bright center to the universe, Hayden may feel his career is far from it. He has yet to recover from those cheesy performances (probably the fault of George Lucas), despite an admirable go in *Shattered Glass*.

A LONG TIME AGO...

DIVORCE IS WITH HIM

No star has benefited more from the franchise than **Harrison Ford**.

After his role as Han catapulted him to fame, he reigned for years as Hollywood's highest-paid actor. But in one of the most expensive splits in Tinseltown history, more than \$85 million went to his second ex-wife, **Melissa Mathison**, when they went through a messy divorce in 2004.

Harrison Ford, partying up a storm in Mexico in 2004 as his second marriage ended.

KNIGHT RELUCTANT

Sir **Alec Guinness** got paid more than anyone in the original movie — 2.25 percent of the back end! Still, he loathed the “mumbo jumbo” lines he had to deliver so much that he begged director **George Lucas** to kill Obi-Wan off. The Jedi mind trick worked!

GIRL, INTERRUPTED

Natalie Portman had a career crisis after she was roundly panned for her wooden performances as Padmé Amidala in the prequels. “I was in the biggest-grossing movie of the decade, and no director

wanted to work with me,” she said. New hope came after a director vouched for her, and she went on to win an Oscar for *The Black Swan*. The force must be strong in this one.

SHUT HIM UP, OR SHUT HIM DOWN!

C-3PO (**Anthony Daniels**) and R2-D2 (**Kenny Baker**) are the only characters to appear in all the movies, but the actors have loathed each other for years. “Once when I said hello to him he just turned his back on me and said, ‘Can’t you see I’m having a conversation?’” Kenny sniped in 2005. “I was blazing with rage.” And in 2011, Anthony summed up his costar’s contribution as thus: “He might as well be a bucket.” Talk about a tin man without a heart!

K SIDE

POD RACES AND COP CHASES

Jake Lloyd was just 8 when he was hired to play kid Anakin in the 1999 film *The Phantom Menace*, and he’s been haunted by it ever since. He’s said that the bullying he got in school after the films made his life “a living hell,” and he quit showbiz for good. Last June, he was arrested for reckless driving, driving without a license and resisting arrest.

Amber Heard

Sofia Vergara

Ooh la la! Both bombshells look ultra feminine in this body-hugging Victoria Beckham dress, but the new Mrs. Joe Manganiello gets our whistle of approval.

Queen Rania

Olivia and Queen Rania of Jordan both look positively regal in their elegant, lace-embroidered Peter Pilotto crepe dresses with ladylike pumps.

Melissa Gorga

Brooke Burke-Charvet

Both Melissa and Brooke sported this patchwork Desigual jean jacket with black boots. While Brooke's over-the-knee pair is right on trend, *RHONJ*'s Melissa nailed the overall look by wearing all black to balance out the colorful top.

30-MINUTE WORKOUT

No excuses: This quickie workout can be done with a jump rope and body weight. “Try high-intensity circuit training. It eliminates the intervals of rest.

Instead, jump rope to get your heart rate up,” says Kira. “Focus on compound strength movements that use more than one muscle at a time, such as a squat, shoulder press then overhead triceps extension. Follow with a squat jump then a body-weight exercise involving your core and upper body, such as a push-up.”

IN THEATERS
Dec. 25,
opening nationwide
Jan. 1

Star has your cheat sheet for the season's most buzzed-about new flick!

If you thought age had mellowed **Quentin Tarantino** since *Pulp Fiction* hit the screens in 1994, think again. The outspoken director's ninth film is his bloodiest yet, but this wild ride through the West somehow manages to be as funny as it is brutal. Read on for a breakdown of the baddest names on the frontier. There may not be a dozen of them, but they sure are dirty...

ONE: The Hangman

John Ruth (**Kurt Russell**) is a grizzly bounty hunter known for stringing up the criminals he catches. He's headed to Red Rock with fugitive Daisy.

TWO: The Bounty Hunter

Major Marquis Warren (**Samuel L. Jackson**) served as a Union officer in the Civil War and now holes up in the Wyoming mountains. Fun fact: This character is named after the first producer of the Western series *Gunsmoke*!

Meet *The Hateful Eight*

THREE: The Prisoner

Daisy Domergue (**Jennifer Jason Leigh**) proves that women on the frontier were no shrinking violets. Wanted for murder, Daisy spends every moment chained to John Ruth... but is still plenty deadly despite her shackles.

FOUR: The Cow Puncher

Joe Gage (**Michael Madsen**) is a true-blue cowboy who's holed up at Minnie's Haberdashery during a blizzard when John and Daisy arrive, along with a heap of trouble...

FIVE: The Little Man

Oswaldo Mobray (**Tim Roth**) may come across as a dapper Englishman, but he's billing himself as Red Rock's new executioner and wants to put John Ruth out of a job.

How the West was fun: Tarantino tries to mix true grit with comedy.

Bruce Dern, left, with Tim Roth

SIX: The Sheriff

Chris Mannix (**Walton Goggins**) claims to be the law 'round these parts, but he'll need more than a badge to corral this crew.

SEVEN: The Confederate

General Sanford Smithers (**Bruce Dern**) may seem like an old coot, but he didn't survive the Civil War by being, well, civil.

EIGHT: The Mexican

Bob (**Demian Bichir**) is running Minnie's while she's away, but could there be more to this bearded frontiersman than meets the eye? ★

In this outrageously funny family comedy, **Will Ferrell** plays Brad Taggart, a respectable and reliable radio executive trying desperately to be the best stepfather to his new wife's two children. But when her bad-boy ex-husband **Dusty (Mark Wahlberg)** breezes back into town with his chiseled muscles and Casanova charisma, the two rival father figures engage in a no-holds-barred, tug-of-war competition — from home repair to father-daughter dances — for the title of Dad. Play nice, boys! *Dec. 25*

4 BLU-RAY *Sicario*

After rising through the ranks, Kate is recruited to a black-ops task force led by Dept. of Justice chief Matt Graver (**Josh Brolin**) and his mysterious Mexican contact, Alejandro (**Benicio del Toro**). Tasked with taking down drug cartel kingpin Manuel Diaz (**Bernardo P. Saracino**), Kate and her team arrive at the U.S.-Mexico border only to discover that if they want to decimate the drug-smuggling ring, they will have to work outside the rules of engagement. *Jan. 5*

Joy

Stars Jennifer Lawrence, Bradley Cooper, Donna Mills, Robert De Niro

Story Think of it as a trilogy that started with *Silver Linings Playbook*, continued through *American Hustle* and concludes now with *Joy*: three films in a row from director David O. Russell with the same three stars. This one, based on a true story, casts Lawrence as Joy Mangano, an unhappy single mom with an incredibly dysfunctional family and a gift for invention. She comes up with the Miracle Mop, one of the first sensations of the QVC shopping network. Can she overcome the meddling by her dad and half sister to find both commercial success and happiness? Lawrence radiates intelligence, strength and calm, even as the world around her seems ready to crumble. As good as she is, the movie feels as though Russell was passionately trying to infuse energy into a mundane story.

Verdict The one reason to see it: Lawrence, the best actress of her generation. ★★★★★

M MOVIES

Concussion

Stars Will Smith, Gugu Mbatha-Raw, Alec Baldwin, Luke Wilson

Story In this film, based on a true story, Will Smith plays Dr. Bennet Omalu, a pathologist in Pittsburgh's coroner's office. After Steelers legend Mike Webster (**David Morse**) turns up in the morgue, Omalu's autopsy turns up evidence that repeated concussions caused serious brain damage. When other former pros die with the same markers in their brain, Omalu takes his findings to the NFL — which denies his evidence. Smith brings a calm determination to this role as an immigrant who believes in the American dream and is stunned when his findings are attacked. But the real standout here is Alec Baldwin, as former Steelers physician Dr. Julian Bailes, whose conscience leads him to align with Omalu.

Verdict Watching football will never be the same again. ★★★★★

In their third film with director David O. Russell, Jennifer Lawrence once again teams up with Robert De Niro (below) and Bradley Cooper.

COMING SOON

Point Break

Stars Édgar Ramírez, Luke Bracey, Teresa Palmer

Story Some worship at the altar of the 1991 original this film is based on, with its cast of **Keanu Reeves**, **Patrick Swayze** and **Gary Busey** (among others). This time, the young undercover FBI agent Johnny Utah is played by newcomer Luke Bracey. He infiltrates a group of extreme athletes, led by the extremely chill Bodhi (Édgar Ramírez, *The Bourne Ultimatum*), who have been pulling lavishly complex corporate heists. The story is the same as the other film, but the action has been jacked up for this extreme-sports era. If you've seen the trailer, you get the picture: skydiving, snowboarding, jumping motorcycles from skyscrapers. Tales of undercover agents tend to focus on the same moral issue: What happens when you get too close to someone who you know is going to bust? See it and find out. Or watch the original.

Telenovela

Monday, Jan. 4, at 8:30PM on NBC

What's funnier than the vain insecurity of actors? That's the source of most of the laughs on this new sitcom, set in Miami, about a popular Spanish-language soap. **Eva Longoria** plays Ana Sofia Calderon, star of a popular telenovela, whose world is not as secure as she thinks. She doesn't really speak Spanish, and her new boss (**Zachary Levi**) has ideas about how to improve the show's ratings — such as hiring Ana Sofia's hunky ex-husband, Xavier (**Jencarlos Canela**). Ana Sofia is surrounded by people even more anxious than she is, played with a very funny, frantic blend by **Amaury Nolasco**, **Jose Moreno Brooks** and **Alex Meneses**. **Diana Maria Riva** also pulls her share of laughs as Ana Sofia's personal dresser and confidante, with a crazy home life to match the studio's madness. The energy is there and Longoria has the magical blend of beauty and the total willingness to look silly to make this show work. ★★★★★

Superstore

Monday, Jan. 4, at 8PM on NBC

America Ferrara (*Ugly Betty*) and **Ben Feldman** (*Mad Men*) star in a new sitcom about employees working in a big-box discount store (think Walmart). Feldman plays the new guy thrown into a chaotic hive of clueless strivers who've somehow been diverted here. Romantic tension quickly develops with his supervisor, Ferrara. **Mark McKinney** (*The Kids in the Hall*) is their oddball and amiably dim boss, while the weirdly energetic **Lauren Ash** (*Super Fun Night*) is the overzealous No. 2. The humor is more miss than hit, focused either on Feldman and Ferrara's efforts to avoid romance (she's married) or on the power struggle between McKinney and Ash. ★★★★★

SLEEVELESS OPTIMISTIC

"When my fiancé noticed my thinning hair, I knew it was really bad."

Delving into the taboo subject of thinning hair in women

When 37-year-old Christina's hair began thinning, she was shocked. She had always had beautiful, thick, luscious hair, and to experience severely thinning hair was completely devastating. Christina says, "I was on a mission. I spent hours researching vitamins, minerals, different products."

Christina S.

Before Treatment

"First, let me just say I'm MORE than thoroughly impressed with Viviscal®. Everywhere I go I'm informing anyone who looks like they may benefit from my little treasured secret. It's an amazing product that saved me from hating the way I looked and from feeling unbelievably self-conscious."

"We recently conducted a double-blind, placebo-controlled clinical trial on Viviscal supplements in my practice, the Ablon Skin Institute in Los Angeles. The results of the clinical trial were dramatically successful."

Glynis Ablon, M.D., FAAD,
Associate Clinical Professor UCLA.

AVAILABLE IN CANADA.

Viviscal supplements contain AminoMar®, a unique proprietary marine complex. Combined with Biotin, Zinc and Vitamin C derived from Acerola Cherry, these essential ingredients nourish thinning hair and promote existing hair growth* from within. Viviscal is grounded in 25 years of continuous research and development. The efficacy of Viviscal is supported by published clinical trials. A recent study demonstrated a significant increase in hair thickness and a significant decrease in hair shedding. Viviscal recommends taking two tablets per day for a minimum of three to six months.

Honor among thieves: "Teresa spent a lot of time working on herself," says a pal. "It was really therapeutic for her."

Teresa released from prison: Has she learned her lesson?

Teresa Giudice's table-flipping days are over. According to a source, *The Real Housewives of New Jersey* star is ready to turn over a new, er, leaf after being released from the Federal Correctional Institute in Danbury, Conn., two months before the end of her 15-month sentence for fraud. "Teresa had a lot of time to think about life and the mistakes that were made," says the pal. "She's taken responsibility for her actions and made amends with everyone. She did her time and is more than ready to move on." Case in point: After years of family feuding, Teresa, her husband Joe and their four children, Gia, Gabriella, Milania and Audriana will join Joe and Melissa Gorga's family for a traditional Feast of the Seven Fishes for Christmas this year. ★

Is Madonna lying for Sean?

Friends with benefits: After reconnecting with her ex earlier this year, Madonna spoke out on Dec. 18 in support of Sean Penn in his defamation suit against Lee Daniels, who Penn claims has falsely accused him of hitting women. "While we certainly had more than one heated argument during our marriage, Sean has never struck me, 'tied me up' or physically assaulted me," the singer told the court. The police, however, beg to differ. In 1988, Sean allegedly bound and gagged his then-estranged wife in her Malibu mansion for 9 hours. After escaping, Madonna called for help. "Her lip was bleeding, and she had obviously been struck," Malibu Lt. Bill McSweeney said at the time. So, why did Madonna take it all back? ★

Has Kelly lost custody for good?

Kelly Rutherford's brutal six-year custody battle came to a crushing end on Dec. 17 after a judge in Monaco granted sole custody of her two children, Hermes and Helena, to her ex-husband Daniel Giersch. Because Kelly refused to put her kids on a plane to Europe at the end of their summer vacation, she is now not only banned from bringing them back to the United States, but she must also exercise her visiting rights exclusively in France and Monaco. As for whether the actress will ever regain custody of her children, family-law expert Michael Stutman (who has not worked with Kelly or Daniel) says, "Any responsible lawyer would advise her to end this crusade." ★

What's the most *popular celeb rehab*?

When other rehab centers fail struggling celebs, they turn to Cliffside Malibu, a world-renowned treatment center in California with the best success rate for keeping drug addicts and alcoholics serious and sober. Remember when **Lindsay Lohan** was sentenced to 90 days in rehab back in 2013? She left the Betty Ford Rehabilitation Center after just one month to complete the rest of her court-ordered stay at Cliffside, where she would receive the individual therapy she reportedly so wanted. And considering that **Scott Disick** had fled from two previous rehabs after only a few days, it was no small feat when the reality star completed his nearly one-month stay at Cliffside Malibu this November. And how could they not? Not only are celeb and civilian guests given cutting-edge, life-saving, holistic treatment in a luxury-estate setting, they're also treated to gourmet meals and state-of-the-art athletic equipment while they work out their demons. Or as Cliffside Malibu puts it: "Live the life you were always meant to live." ★

The expansive beachfront facility features panoramic Pacific Ocean views and heated swimming pools.

It's shocking when you compare a bowl of naturally trans fat and cholesterol-free Wonderful Pistachios to a meager helping of fried, flavored tortilla chips. Scientific evidence suggests but does not prove that eating 1.5 ounces per day of most nuts, such as pistachios, as part of a diet low in saturated fat and cholesterol may reduce the risk of heart disease.
